Save and Improve Lives Using Advanced Allografts

The Lake Superior Centre for Regenerative Medicine, Inc. (RegenMed) is a wholly Canadian, not-for-profit charitable organization. RegenMed is dedicated to providing Canadians with safe, effective, and high quality allografts from Canadian donors with our advanced processing methods and commitment to quality.

At our state-of-the-art tissue processing centre we provide advanced processing techniques such as specialized sizing and lyophilization. We maintain an extensive inventory to ensure all customer needs are met promptly. Our grafts meet ANSI/AAMI standards for labeling as sterile and meet or exceed all federal regulations.

Customer Service:

Ordering Allograft Implants from RegenMed

Health care facilities and licensed medical professionals are permitted to order allograft implants from RegenMed.

Orders may be placed by phone: 807-346-2265 or Toll Free 1-877-554-2205 and/or fax: 807-346-2265

Consignment Program

All allograft products are offered on a consignment service basis to pre-approved users. Ordering allograft tissue on a consignment basis will allow for more efficient scheduling of surgeries as well as ensuring an adequate supply of tissue on hand.

Please contact us for additional information on our consignment program.

Return Policy

RegenMed allows for the return of unused allograft tissue, 90 days from the date of purchase as long as specific criteria have been met. For information about returning allograft tissue, please contact RegenMed.

Payment Terms and Conditions

Payments are due 30 days from the invoice date unless otherwise stated. Payment may be made by corporate cheque. Account statements are sent monthly as a reminder of payments due.

Please mail all payments to:
